LADY LAUGHS COMEDY TOUR

## Biography

Lady Laughs Comedy is a festival, school, and comedy collective out of Madison, WI. It was created by Dina Nina Martinez who is a transgender Stand Up Comedian based in the Midwest and West Coast. She created it as a way to promote women and female identified performers in the comedic arts. The goal is to cultivate more spaces, opportunities and acceptance for comedy in an intersectional and progressive environment. The result has been astounding and has garnered attention from Parade Magazine and a myriad of press outlets in and throughout the Midwest and audiences are flocking to see these funny women live.

Lady Laughs Comedy Tour includes women from all backgrounds and walks of life, while bringing local, regional and national talent to cities and venues all over the country.

Some of the acts featured are Dina Nina Martinez, Marla Depew, Maya May, Vickie Lynn, Whitney Chitwood, Vanessa "Pants" Tortolano, Aliya Kannani, Stevie Leigh Crutcher, Brittany Tilander, & Addie Blanchard. Many of the comics are seasoned road comics but the tour will include comedians with fresh and interesting new voices in the comedic world.
